your dog is eligible. You can view the current Courtesy Listings to get a better idea of what others are writing in the descriptions for their pets.

Meet Suzi, a charming black and white Border Collie mix, weighing around 40 lbs. She's a true people lover, always ready for affection and cuddles. , , Suzi enjoys a variety of things and activities such as playing tug, soft squeaky toys, going on walks, frozen peanut butter filled kongs, hard chews, lickymats, snuffle mats, dog puzzles, soft foam dog beds (and maybe a fuzzy one for her head), belly rubs, and giving kisses. She's potty trained and kennel trained, though she'd rather be by your side. , , Suzi has a bit of a prey drive, so she's not suited for homes with small animals. She's selective with other dogs, making her a good fit as an only dog or with a submissive dog companion. , , She's actively learning commands and tricks (sit, lie down, come, wait, here, get it, give it, leave it, place, here, spin, twirl, touch, hide, roll over, crawl and catch) and is eager to please for treats or toys. Suzi is intelligent, inquisitive, and knows when to relax. , , If you're seeking a Border Collie's intelligence, beauty, and loyalty without the high energy, Suzi is your ideal match. She requires a fenced yard and someone knowledgeable about her breed. She's spayed, vaccinated, microchipped, and on heartworm and flea/tick prevention. , , Suzi is currently in foster care in Manhattan, KS.

If this is not an owner relinquishment, does your organization euthanize for space?

No

If this is not an owner relinquishment, does your organization euthanize for temperament reasons?

N/A

If this is not an owner relinquishment, has a euthanization date been set by your organization for the dog? If so, when?
